Roberts Seeks Seat In Legislature

Emmett S. Roberts of Belle Glade today announced that he will be a candidate for the post of State Representative, Palm Beach County, Group Two, (Glades area) subject to the May primary. Mr. Roberts said that he had been urged to run by request of citizens from all over Palm Beach County.

"I feel that I am qualified," he said, "by reasons of being intimately acquainted with the many and varied problems affecting the citizens of Palm Beach County in the fields of tourists, agricultural and industry, having served in different capacities, with many organizations devoted to improving and furthering the progress of our County and State."

Mr. Roberts continued: "My interest in this office stems not from politics but from a sincere desire to be of service to the people who should be the basic requirement of any office seeker. If elected I shall retain always the feeling of humility at the opportunity given me by the citizens of this county, and that in this great country of ours the opportunity exists whereby the

Bridge Delay At Six-Mile Bend Is Threatened

A bottleneck which threatened to hold up work on a new bridge at Six Mile Bend, was in the process of removal this week by the county commission who said that they wanted to avoid delays in completing the project.

The board was informed by County Attorney Harry Johnston that delay by one of the landholders in making right of way available was threatening to hold up work on the bridge. This right-of-way had been arranged for and the deal closed months ago.

Commissioner Paul Rardin, Canal Point, with the backing of the rest of the commission, instructed the attorney to take whatever steps necessary to clear the right of way as soon as possible.

In connection with other highway projects, the commission this week, approved payment for six parcels of right of way for widening U. S. Highway 1 in the north part of Palm Beach County and named a team of eight appraisers to check right of way values for widening U. S. Highway 1 from West Palm Beach south to Delray Beach.

The commission was advised by the State Road Department that the state expects to make four-laning U. S. 1 through Palm Beach County one of its major projects this year.

Rardin Wants SRD Maintain Conners Old Route Also

Possibility that the State Road Department will continue to maintain two sections of Conners Highway through Canal Point was seen this week in action proposed by County Commissioner Paul Rardin.

Rardin, who lives at Canal Point, won the support of the county board, in approving a resolution to the State Road Department, asking that the portion of Conners Highway in Canal Point which was abandoned with building of a new road, be named an alternate route through that city. The new road by-passes the Canal Point business section. The resolution asked that the old section be named an alternate and maintenance be continued by the state.

In another action this week, Commissioner Rardin reported to the board that the City of Belle Glade had pledged its cooperation and an appropriation to aid in establishing a proposed health center in that city.

Some time ago the community asked the commission to study the possibility of establishing a health center at Belle Glade as a joint project between the city, county and federal governments.

The county health department, headed by Dr. C. L. Brumback, now

Blue Devil Netters Will Play Fort Pierce

Coach Bill Howard's Pahokee High Blue Devil basketball team will go to Fort Pierce for a return game with the Eagles tonight and will engage the Trojans at Lake Worth in another Suncoast Conference contest Tuesday night.

The Blue Devils broke even in games played the past week, winning their game with the Rams at Belle Glade, 43-35, Friday night and bowing to the conference-leading Pompano Beach Bean Pickers, 71-40, Tuesday night. With a 3-5 record in games won and lost to date, the Pahokee Five is still in seventh position in the Suncoast Conference race.

Uncle Bob Bardin Seeks Justice Job

R. T. "Uncle Bob" Bardin of Canal Point qualified Wednesday as a candidate for justice of the peace in District 7, made up of Pahokee and Canal Point. If elected "Uncle Bob" will serve the two remaining years for which Frank Thompson in Pahokee was elected in 1952 and resigned before his term started in January 1953 and W. J. Larrimore was appointed for the two years remaining before another election.

Judge Larrimore's death recently left the office vacant and no appointment has been made by the governor for the remainder of 1954. "Uncle Bob" came to Canal Point way back in 1927 and has seen the Lake Region grow through those many years he and his family have lived here. For years he operated a restaurant in Canal Point and for the past five years he has been employed by Newport Industries east of Canal Point.

Commenting upon his qualification for the office he seeks, Mr. Bardin said: "I seek the office because I believe I can do a good job as justice of the peace. I will greatly appreciate the vote and support of those folks in the Pahokee and Canal Point area who will choose a justice of the peace in the May primary election."

Labor Camp Fire Destroys Shop

The Pahokee Volunteer Fire Department was called to the Pahokee Labor Supply Camp south of the city limits Sunday night around 9 o'clock to fight a fire which was discovered in a pile of lumber stacked next to the camp's mill and machine shop. Most of the lumber was destroyed but the blaze was brought under control before it did too much damage to the shop, burning through only one wall, the one next to the lumber, according to Fire Chief Marvin Levins. The damage, confined mostly to the ruined lumber, was estimated at approximately \$5,000 by James W. Vann, camp director.

Chief Levins and his volunteer firemen were also called outside the city limits Monday around 3 p. m. to fight a blaze in the Streamline Negro settlement on the Muck City road a quarter of a mile southeast of Pahokee. A small four-room dwelling was destroyed before this fire was brought under control, according to Chief Levins, who said the cause of the blaze is unknown.

Rep B. Elliott Seeks Another Term

Pahokee automobile dealer, State Representative B. Elliott qualified for reelection Friday at the office of Florida Secretary of State R. A. Gray at Tallahassee. In announcing Mr. Elliott said: "I believe I can be of some service to Palm Beach County in view of the reapportionment that is coming up in 1955."

Reapportionment is required every 10 years by the Constitution, but had been ignored for many years prior to 1945. Extra sessions were necessary before reapportionment became a fact.

Rep. Elliott was selected by fellow members as speaker of the House of Representatives for the years 1951 and 1952—the only Palm Beach County representative ever so honored.

In the 1953 session the Glades Representative introduced the first bill to increase teachers' pay—House Bill 93 which later was passed as amended.

In 1949, as chairman of the House Water and Flood Control Committee, he introduced and secured passage of all bills relating to creation of the \$208,000,000 Central & Southern Florida Flood Control District and project.

"That was passed without a dissenting vote. As far as I know, that was the biggest piece of legislation ever passed up there without a dissenting vote."

In the 1953 session, Rep. Elliott

Wildcats Invade Pahokee Limits

Still in the middle of their drive to clear the streets of stray dogs, Pahokee's city fathers at a City Council meeting Monday night were confronted with another animal problem, an invasion of wildcats, or bobcats, as they are more commonly known.

An unusually large number of bobcats this season has been frequenting the Lake Okeechobee Levee which borders Pahokee from the Canal Point city limits to the County Airport on Bacom Point. When the hunting becomes slim on the levee, the cats cross the toe canal which separates the levee from the city and raid the chicken roosts of residents of Bacom Point Road and East Main St., the two streets, which are next to and run parallel to the levee. The cats have become so bold that they are doing their raiding in the daytime as well as at night. Although many have already been trapped and killed, there are still too many on the loose, according to Police Commissioner Loren Meredith who stated is issuing special hunting permits Monday night that his department for shooting any of the varmints found within the city limits.

In the meantime, progress is being made in the drive against stray, unlicensed dogs. City Clerk Dorothy Graham reported 100 dog license tags have been sold by the city since the first of this month. Councilman Louis Mims recommended the ordinance covering the licensing of dogs within the city limits be revised to equalize the license fees of male and female dogs.

The Council voted to add eight additional lights, not counting the two already authorized, to the street lighting system along Bacom Point Road. It was recommended that the Shive Island resident section on Belle Glade Road by surveyed by the Florida Power

and Light Company as a preliminary step to the installation of street lights in this section which is the only area in the city that does not have street lights.

Police Chief Leon Guthrie reported his department has erected signs on SE First St. in the block next to the Bank of Pahokee limiting the parking time to 20 minutes during banking hours to relieve traffic congestion in that area.

Action on the installation of caution lights at the intersections of Barfield Highway and SE Third St., and Lake Ave. and SE Second St. was tabled until the next meeting, Feb. 8. City Clerk Graham was authorized to have a new posting machine for the waterworks department on demonstration at the city hall for inspection by the Council members at 7 p. m., prior to the start of the Feb. 8th meeting.

Tallahassee Woman Burned To Death

J. H. Connell of Pahokee, W. A. Connell of Sand Cut and Mrs. Tom Ennis of Canal Point were called to Tallahassee the first of the week by a tragedy in the form of a fire that struck the family of their brother, J. T. Connell, Sr., and family early Monday morning when their home burned to the ground. His wife, Mrs. Bessie Lester Connell, 51, was burned to death; Mr. Connell, 64, suffered first degree burns of the face and hands and possibly internal injuries; two daughters, 10-year-old Betty and 17-year-old Annie Lou, received first degree burns of the face and hands and a son, Bobbie, first degree burns of the face.

The fire apparently started when Mrs. Connell, while the stove to prepare the morning breakfast for the family while the rest of the family were still asleep, according to Sheriff Bill Joyce who investigated.

Hospital Auxiliary Plans Member Drive

Plans to start the annual membership drive of the Everglades Memorial Hospital Auxiliary the first week in February were made by the Auxiliary's board of directors at a meeting at the hospital Friday night, with Mrs. Frank Friend, president, presiding. The drive will consist of a house-to-house canvass of the business and residential sections of the entire Pahokee-Canal Point area. Mrs. Friend assigned to each di-

rector a portion of the area to be covered, it being the director's responsibility to see that the assigned area is thoroughly covered in the drive. The directors represent various local civic and religious organizations, and each of these organizations will be asked to participate in the drive.

Acting on the recommendation of Harry Weir, hospital administrator, the Auxiliary voted as its principal project for the new year the

painting and redecorating of the hospital interior, estimated to cost approximately \$1,300. Membership dues collected in the drive will be used toward the financing of this project and a benefit dinner is being planned by the Auxiliary to be held sometime in March, the proceeds also to go into this project.

Last year's membership drive of the EMH Auxiliary netted more than \$600 which was used to purchase a badly needed oxygen tent for the hospital.

And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$38.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check *before* you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself *and* your country!

Anna Lee Hurt Weds John F. Nye

Miss Anna Lee Hurt, daughter of Mr. and Mrs. Richard F. Hurt of Pahokee, became the bride of John Francis Nye, son of Mr. and Mrs. Harry V. Nye of Palm Beach, in a double ring ceremony held at St. Mary's Catholic Church in Pahokee Sunday, Jan. 24, at 1:00 p. m., with the Rev. Williams Holmes, priest, officiating.

Arrangements of white gladioli and fern against a background of palms were used in the decorations and the pews were marked by white satin bows.

The program of nuptial music preceding the ceremony was presented by Mrs. Dorothy Graham, organist, who also played the traditional wedding marches.

Given in marriage by her father, the bride wore a chantilly lace gown with a flour-length overskirt of taffeta and nylon tulle. The veil of nylon tulle hung from a cap of chantilly lace covered with seed pearls. She carried a white prayer book with white satin streamers which was centered on top by white orchids and white carnations.

Miss Joyce Lynn Hurt, sister of the bride and maid of honor, and Miss Grace Nye, sister of the bridegroom and bridesmaid, wore identical dresses of burgundy red satin with matching hats trimmed with seed pearls, white satin gloves and elbow-length white pumps, the latter being gifts from the bride.

Harry V. Nye was his son's best man. John Sanderson and Charles Meyer served as ushers, Michael Nye, brother of the bridegroom, and Robert Venezia were altar boys.

Mrs. Hurt chose for her daughter's wedding a dress of light blue fillet with black and white accessories and a corsage of white orchids. Mrs. Nye, the bridegroom's mother, selected a print silk dress with black and white accessories and she also wore a white orchid corsage.

Following the wedding the bride's parents were hosts at a reception at their home, 127 Banyan Ave. Those attending were Mrs. John Elton, Mrs. Manning I. Keen, Mrs. Lloyd Hundley and Mrs. Harry M. McIntosh.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Sorry I missed you last week, but here is a little story about a charming little miss who is going far in motion pictures. She is Miss Peggy Lee and a psychologist painter once told the blonde songstress that entertainers and actors were adult children who's never really grown up. "He expected me to be insulted," Peggy relates, "but I told him I was sure he had something there. Every child is born an actor. Boys play at being soldiers, Indians, cowboys and space patrol cadets. Girls start play acting the day they get their first dolls. As they grow older, most children begin to lose their acting instincts and talents to other interests, and to inhibitions. The ones who don't are apt to grow up to become good professionals," which, added Miss Lee, ties right in with her own belief that an overwhelming desire to act is the first essential for success on the entertainment stage, in the theatre and in pictures. "A person to succeed as an actor must be born with something in his makeup that makes him want to express his personality for an audience," she said. "It has to be a compelling urge that won't be side-tracked by other ambitions, or stymied setbacks. The person who has that urge is most likely to possess some talent. As a matter of fact, the seeds of talent and the compelling desire usually grow together." Miss Lee, who parlayed her own desire for a singing career into stardom, closed her adapted psychology lecture with an admonition. "Don't," she said, "mistake wishing for compulsion. If you're going to be satisfied with wishing—try for an oil well, or a million dollars on a gold platter." Mighty sound advice, Peggy, and, I'll see you at the movies—Mal.
